## Nebraska Player Quotes - Postgame

### Defensive Back Larry Asante

#### On how sweet this win feels

"I give them all the credit in the world. They're a great team. They challenged us, but it's a great victory and we needed it. It's going to carry momentum when we go down to Lawrence next week."

#### On how the defensive played today

"We knew we had to cause turnovers for the simple fact that we had to put our offense in great field position. All game we were just ripping at the ball and trying to get the ball out anyway that we could."

#### On how hard hitting the game was

"It was very hard-hitting game. Anytime we had a chance for the big hit we took it and they did the same thing on their part to. Overall, it was a great game."

#### On if how they disguised coverage's before the snap confused the Oklahoma quarterback

"Yeah, I think it did. We kind of disguised our coverage's so he didn't really get a feel for who was in a run fit, or what of coverage's we were running. It just kind of threw them off a little bit, which cause them to throw some ill-advised passes."

#### On if they knew they had their offense on their heels

"We knew we did, but we had to keep pressing because you have to respect the game of football. You never know what can happen, so we just kept our foot on the pedal and kept attacking them."

### Placekicker Alex Henery

#### On the win

"It was pretty exciting to get the win for these guys. It gets us going again for these last three games, so it was good for us."

#### On if his heart dropped when he missed a fourth quarter field goal

"Yeah, I think everyone's there did for a bit. I just miss hit it."

#### On what happened on that kick

"I just pushed it."

#### On if he goes into a game like this knowing he might factor in the game more

"Yeah, as a specialist group we knew we were going to factor in the game with field position and we needed to put the points up when we could. We knew that it was going to come down to us and we squaked one out."

### Quarterback Cody Green

#### On if he got nervous

"No, it was an emotional game and I guess you could say I just got caught up in it I guess. There's really not much to it, big game, people do that."

#### On what specifically got to him

"Really, I don't think anything got to me. I guess they just needed another tempo with Zac. Hey, we got a W, so I'm not complaining."

#### On if it surprised him when he didn't go back in

"You know, why change something that's working. There's no need for doing that. Of course I wanted to go back in, but we were winning and we were holding the lead, so lets not change anything."
